ATHARVA RAUT

+918446511725 — rautatharva09@gmail.com

SUMMARY

Enthusiastic and detail-oriented Computer Engineering student with a strong foundation in Java, Python, and Web Technologies. Passionate about problem-solving, software development, and exploring emerging fields like Machine Learning. Seeking opportunities to apply my skills and continuously learn in a dynamic environment.

EDUCATION

B.E (Information Technology) 08/2027
SCTR'S Pune Institute of Computer Technology, Pune — Pune, Maharashtra
First Year CGPA : 8.77
Second Year CGPA : 7.86
Third Year CGPA : 8.79

HSC 06/2023
New English School, Shrirampur
Percentage: 74

SKILLS

MySQL	Python	Java
Machine Learning	FastAPI	Generative AI
JavaScript	CSS	HTML
MongoDB	React.js	Git & GitHub

TRAINING / COURSES

Udemy – The Ultimate MySQL Bootcamp: Go from SQL Beginner to Expert

· Covered SQL queries, database design, data modeling, and analytics.

Udemy – Java Data Structures & Algorithms + LeetCode Exercises

· Practiced arrays, trees, graphs, dynamic programming, and complexity analysis; solved 100+ problems.

Udemy – Python for Data Science and Machine Learning Bootcamp

· Covered NumPy, Pandas, Matplotlib, Seaborn, and machine learning with Scikit-learn and TensorFlow.

LANGUAGES

English Proficient **Marathi** Native
Hindi Advanced

EXPERIENCE

Web Development Intern Internship
Candid Stitch Pune, Maharashtra

- Co-developed and deployed a responsive website for Candid Stitch.
- Built and refined web pages using React.js, HTML, CSS, and JavaScript.
- Implemented product catalog, navigation, and responsive user interfaces.
- Worked on improving website usability, design, and overall user experience.
- Collaborated on the development and deployment of the website.

PROJECTS

MeetMate – AI Meeting Assistant

· Built a local-first meeting copilot with on-device audio capture and real-time transcription using Faster-Whisper.
· Implemented VAD-based speech segmentation, speaker tagging, and synchronized audio capture.
· Integrated FastAPI, WebSockets, and Groq LLM API for context-aware suggestions, with JWT authentication and session recovery.

Candid Stitch – E-commerce Website

· Co-developed and deployed a responsive e-commerce website using React.js, HTML, CSS, and JavaScript.
· Implemented product catalogs, navigation, and responsive UI to improve user experience.
